

OUR FOOD SAFETY POLICY

Happy, Healthy Living

We are firmly committed to the implementation of a Food Safety Management System that provides safe and wholesome fats, oils, margarine, baking powder and other food related products that will advance positive impacts on health and sustainable growth of our consumers

BELIEVING THIS GOAL TO BE FULLY ACHIEVABLE AT BIDCO:

- ✓ We will ensure that our products meet and exceed our customers' food safety expectations
- ✓ We will implement and maintain a Food Safety Management System in accordance with ISO 22000 where at every step in the process, hazard analysis (risk assessment) has been done and stringent controls put in place to ensure product safety
- ✓ We will not only comply with the minimum standards of legal food safety and health, but we shall always strive to go beyond compliance standards
- ✓ We will periodically review the policy to ensure our activities, products and services have no adverse impact on human health
- ✓ We will review our food safety objectives from time to time in order to improve our Food Safety Management Systems
- ✓ We will communicate our Food Safety Policy to all our stakeholders
